

## Australian Coast

**Emu Man® Emu Oil** is a new “Universal” ingredient that is exceptionally easy to disperse and offer a wide range of performance properties and can be used in a variety of cosmetic, personal care and pharmaceutical applications.

**Emu Man® Emu Oil** offers you the perfect mix of functionality for formulating shampoos, conditioners, bath gels, soaps, facial cleaners and moisturizers, body lotions, suntan lotions and analgesics.

**Emu Man® Emu Oil** is a non-irritant and non-comedogenic ingredient. With its powerful properties, it is a great buffer to be used with aggressive AHA products.

**Emu Man® Emu Oil** has tremendous penetration and leaves the skin with a polished, silky texture with no greasy feel to the skin. It is also a great carrier, with healing properties such as anti-inflammatory cell rejuvenation and moisturizing.

**Emu Man® Emu Oil** will end your search for the perfect, totally natural emollient.

**Emu Man® Emu Oil** is non-toxic, antibacterial anti-microbial and contains no steroids or hormones. This all natural product has been found to be one of nature’s finest emollients and quite possibly, the most effective moisturizer known to man.
